COMPANY OVERVIEW

With a keen eye for detail and quality, the Mangethe Group provides best-of-breed construction to the sub-Saharan market. You can be assured that the Mangethe Group will deliver expert solutions within deadline and budget. Our Goal is to ensure that we meet your highest expectations for your construction project and to provide swift, quality service to our clients while building relationships as sound as our structures. As professionals in our field, we believe that by combining our expertise in engineering, construction and project management, we are able to provide exceptional results. As a company, we strive to be a leader in our field by executing and developing sound concepts and solutions to the engineering problems of Sub-Saharan Africa that will better the lives of the people in our community. Mangethe Group is a 100% black owned construction company. We are one of South Africa's benchmark companies in Construction services providing expertise in :

Structural Infrastructure

Stormwater Infrastructure

Roads Infrastructure

Water and Sanitation Infrastructure Construction

Substation Construction

Mining Construction

HVAC

Electrical & Instrumentation

Building Works

Our strength is the ability to blend different engineering expertise to form a sustainable solution.

OUR VISION

Our vision is to be the leader in developing & implementing sustainable construction solutions for today's engineering problems that will improve the lives of all South Africans.

OUR MISSION

Our mission is to timeously provide quality service to our clients and maintain a good professional relationship with them.

***Quality is never
an accident. It is
always the result of
intelligent effort.
- John Ruskin***
